With CampusLogic, WGU increased financial aid completion rates by 5%. And because the student experience was more intuitive, students had fewer questions throughout the process, which reduced incoming student calls by 55%.

Bob Collins, VP of Financial Aid at Western Governors University

It used to be all hands on deck with 8 staff doing verification. Now, not only have we reduced processing time, but only 3 staff are doing verification, allowing me to redeploy the other 5 to work on different assignments.

Greg Ryan, Director of Financial Aid at Fullerton College

CampusLogic has provided us with innovative and time-saving software to streamline important processes. This has allowed us to more effectively meet our students' needs and free up valuable time for staff to focus on other important areas.
