

Improve Cost and Value Transparency

Students don't understand college costs. In fact, 50% of all U.S. students significantly underestimate what they're paying. It's your job (and regulatory duty) to educate them, starting with your Net Price Calculator (NPC). And because students generally apply to more than three schools during their college search, your NPC must serve more than just your compliance requirements. It needs to connect your school's value to the sticker price.

Drive Enrollment and Retention While Saving Time & Effort

Impersonal, vague communications around cost of attendance stall student progress—and sometimes turn them off. Instead, drive transparency—and action—with ClearCost, part of the CampusLogic student financial services platform. Now, you can deliver accurate calculations tailored to your unique students and their chosen programs. Automatic updates for each aid year save you time and effort, too. HEOA-compliant, ClearCost also integrates with your CRM—turning your NPC into a powerful lead-generator. Behind the scenes, comprehensive real-time analytics, via CampusMetricsSM help you continually optimize processes and services for improved student success.

Precise, Personalized Cost Estimates 24/7

Engage with prospective students, one-on-one, from the moment they show interest in your institution by providing comprehensive cost information that drives informed decisions—real-time and mobile—the way students want it.

WHAT YOU GET

FOR YOUR STAFF

HEOA-compliant

Automatic aid year updates
save time and effort

School-branded as an extension
of your recruitment activities

Integrates with your CRM
(ClearCost Advanced) to support
lead generation and nurturing
campaigns

VP of Enrollment Management, Marketing & Communications, Indiana State University

campuslogic™ / OUR STORY

CampusLogic transforms the way higher education delivers financial aid. Easy. Mobile. Personalized. Our cloud-based technology helps schools increase accessibility to education, reduce student borrowing, and drive down the cost of financial aid administration. More than 450 institutions—serving 3 million students—improve their enrollment yield, process efficiencies, and student satisfaction by better engaging students from their initial college search through graduation. For more information visit www.campuslogic.com.
